### **Don't Risk Your Special Event!**

Most people wouldn't hire the cheapest surgeon or stay in the cheapest hotel.

Why risk your special event by choosing a limousine service based on costs alone?

#### The Risks of choosing a Cheap Limo:

- You are late for your special event.
- You miss your flight, business meeting or your wedding.
- An old, dented, rusty limo arrives when you are expecting a shiny newer model limo.
- The driver is unprofessional and dressed inappropriately.
- Your limo breaks down - you, your friends and family miss the Panthers game, but you saved \$50.00 on the limo!
